# BAKHTAWAR AMIN

COLLEGE OF DENTISTRY

## Vision

To deliver quality oral health services, train progressive and revolutionary professionals, engage in community collaborations and outreach programs, and encourage a culture of research to address the oral health needs of the nation and the world.

## Our Mission

We seek to foster a culture of objectivity, mutual respect, and lifelong learning. We value our diverse environment and strive to improve the delivery of oral healthcare services by providing top-notch research skills and clinical training to our healthcare professionals.

## Dr. Waqar Hussain

### Message from Principal

The Bakhtawar Amin College of Dentistry boasts of world-class facilities, top-notch education, quality patient care and a research-oriented faculty. We are changing the oral health outlook through a range of degree programs aimed at training the next generation of skilled and knowledgeable professionals, who train alongside faculty mentors through team-based learning, clinical simulation, and community-based rotations. We prepare our professionals to manage oral health conditions with the utmost care, humility, and respect. Moreover, we encourage recognition and understanding of societal, cultural, and ethical influences. Our students are trained to apply the principles of preventive and evidence-based dentistry to individuals and communities.

### Eligibility

- Applicants who have passed the HSSC Examination (Pre-Medical Group) or equivalent from Pakistan and abroad securing at least 60% marks in aggregate.
- Applicants who have taken A-level exams / other equivalent exams, will be required to submit an equivalence certificate from the Inter Board Committee of Chairman (IBCC) Islamabad or regional Offices along with the application form.
- SAT 2 in the subjects of Biology, Physics/Math, and Chemistry can be accepted as the alternative to MDCAT for international applicants.
- The admissions of students is solely on merit, finalized by the admission board of The Bakhtawar Amin College of Dentistry in compliance with the rules and regulations of Pakistan Medical Commission and University of Health Sciences.

## How to apply

The prospectus and admission form is available online and candidates are advised to go over the prospectus before applying.

After submission of the admission form, applicants will be short-listed for the interview and will be required to submit scanned copies of the following documents on our website.

CNIC/Form-B

4 recent passport size photographs with blue background.

Matriculation/ O Levels Certificate or Equivalence from IBCC.

F.Sc. (Pre-medical group)/ A Levels Certificate or Equivalence from IBCC.

SAT 2 scores

- A merit-list along with a waiting-list of the successful candidates will be available online
- Once selected, successful students will be directed to fulfill the admission requirements within the set time limit mentioned in the admission offer letter.
- If the selected candidate fails to respond in given time, the seat will be automatically allotted to the next candidate in on the waiting list.

The admitted students will be subsequently registered with Pakistan Medical Commission and University of Health Sciences.

## Future educational prospects

A career in dentistry offers a wide range of professional opportunities including private practice, research, teaching opportunities and work with various international health and relief organizations. You can also choose to pursue further specialties in the field of dentistry including but not limited to Endodontics, Orthodontics, Oral and Maxillofacial Surgery, and Prosthodontics.
