BAKHTAWAR AMIN
MEDICAL & DENTAL COLLEGE

Established in 1999 in the historical city of Multan, Bakhtawar Amin Memorial Trust was a non-government, non-profitable charitable initiative to serve the people of Pakistan. Our hospital offers convenience to patients with the employment of specialized doctors, testing facilities, and separate wards for males and females. Our location takes advantage of the city's urban and rural population which enables us to serve various strata of Pakistani society through innovative and outstanding clinical services. Deserving patients are provided with free medication and treatment. Over time, we have grown to include the Bakhtawar Amin Medical and Dental College (BAMDC), the most well-equipped college in Pakistan boasting of latest facilities, state-of-the-art infrastructure, and quality education. We offer our students a rich educational experience balanced with the latest technologies and learning models with more than a century medical education traditions.

Our Leaders

Bakhtawar Amin Medical Trust has now grown into a modern 600 bed teaching hospital with a focus on providing first class health care to those in need, either free or at affordable cost.

Mian Muhammad Rasheed (Chairman – Board of Trustees)

I am happy to state that we have continuously delivered on our commitment for excellence in the academic and clinical training programs at BAMDC.

Kamran Rasool (Chairman – Board of Governors)

Bakhtawar Amin is full of opportunities and is advancing with confident steps towards a bright future. I would like all the members of the college to feel valued and respected as we learn and grow together.

Prof. Dr. Muhammad Azhar Javid (Principal)

Student Testimonials

"Bakhtawar Amin is the perfect blend of academic learning and social skills."

(Aneeqa Shareef, 2nd Yr BDS)

"It was quite a challenging experience being so far away from home, but Multan has captured my soul. So calm and full of cultural insights, this Sufi city has been a life-changing experience."

(Inshal Khan, 3rd yr MBBS)

"The faculty, staff, and students are of tremendous support. I really enjoy my Skills' labs in particular and just can't wait to start treating actual patients."

(Omaid Naeem, 2nd yr MBBS)
